Group Presentation

As part of the training experience, you will be placed in a group and expected to prepare a presentation for the *Technical and Tactical Part A* portion of the workshop. The groups will be announced towards the end of the *Planning a Practice* module, and you will all be given a chance to start working together on the presentation.

You may need to arrange for an additional group meeting in the lead-up to the *Technical and Tactical Part A* workshop, so be prepared to allocate 30 to 60 minutes to meet and work on your part of the presentation at home.
