1 INTRODUCTION

1.1 PURPOSE OF THIS DOCUMENT

The National Coaching Certification Program (NCCP), launched in 1974 and delivered in partnership with the government of Canada, provincial/territorial governments, and national/provincial/territorial sport organizations, gives coaches the confidence to succeed.

The Coaching Association of Canada (CAC) works with over 65 different National Sport Organizations, including Wrestling Canada Lutte (WCL), across Canada in the development of sport specific NCCP training. Currently, there are over 850 workshops available at every level of sport – from 3-hour online introductory workshops for beginner coaches, to weekend workshops for intermediate coaches, to intensive two-year training programs for advanced coaches.

This *Wrestling Canada Lutte NCCP Operations Manual* contains guidelines and procedures for successful implementation of the NCCP. It is not intended to replace the *NCCP Policies and Implementation Standards*, nor does it serve as development guidelines.

2.5 WRESTLING TECHNICAL-TACTICAL GOLD MEDAL PROFILE

Gold Medal Profile (GMP)¹ is the collection of skills and attributes that underpin the performance of an athlete capable of stepping onto the Olympic, Paralympic or Senior World Championship podium. The GMP is based on validated metrics with clear benchmarks for each of the skills and attributes, scaled according to the stage the athlete is at along the Podium Pathway. The GMP is the excellence reference point for all the stage-based profiles in the LTD Framework.

Technical-Tactical Performance Key Metrics

1. **Standing Proactive Diversity** – How many different combinations of tie-ups, proactive set-ups and techniques the wrestler can successfully use to score.
2. **Standing Scoring Frequency** – How often the wrestler can score 2 technical points in the standing position.
3. **Points Given** – How often the wrestler gave up 2 technical points (the lower the value, the better).
4. **Ground Scoring** – How many times the wrestler scored when s/he was on top.
5. **Penalties Given** – How many points the wrestler gave up due to penalties (the lower the value, the better).

THE NCCP MODEL

3 THE NCCP MODEL

THE NCCP MODEL

3.1 TRAINING VS. CERTIFICATION

The NCCP model distinguishes between training and certification. Coaches can participate in training opportunities to acquire or refine the skills and knowledge required for a particular coaching context (i.e. Competition – Introduction) as defined by the sport and be considered “trained”.

To become “certified” in a coaching context, coaches must be evaluated on their demonstrated ability to perform within that context in areas such as program design, practice planning, performance analysis, program management, ethical coaching, support to participants during training, and support to participants in competition.

Certified coaches enjoy the credibility of the sporting community and of the athletes they coach because they have been observed and evaluated “doing” what is required of them as a competent coach in their sport. They are recognized as meeting or exceeding the high standards embraced by more than 65 national sport organizations in Canada fostering confidence at all levels of sport, certification is a benefit shared by parents, athletes, sport organizations, and our communities. NCCP coaches are described as follows:

- Trained** – when they have completed all required training for a context;
- Certified** – when they have completed all evaluation requirements for a context.

3.2 WRESTLING SPECIFIC CONTEXTS & TRAINING

The CAC works with over 65 different National Sport Organizations, including WCL, across Canada in the development of sport-specific NCCP training. Currently, there are over 850 workshops available at every level of sport – from 3-hour online introductory workshops for beginner coaches, to weekend workshops for intermediate coaches, to intensive two-year training programs for advanced coaches.

For more information on programs offered in Wrestling by WCL and its provincial/territorial branches please visit: <https://wrestling.ca/coach-education/>

You may already coach at the community level or you’re thinking about coaching. Often, you’re a parent whose child is involved in sport, or a volunteer who works with participants of all ages that are new to a sport.

For more information please visit: <https://coach.ca/new-coaching/about-nccp>.

THE NCCP MODEL

Community Coach

The Wrestling Community Coach program is aimed at coaches/teachers who have little or no wrestling experience and are conducting programs in schools or municipal recreation programs. More specifically:

- Understand athlete needs
- Apply support strategies
- Develop adaptive coaching skills
- Foster a positive training environment

Coaches in the Competition stream usually have previous coaching experience. They tend to work with athletes over the long term to improve performance, often in preparation for provincial, national, and international competitions.

There are three levels of workshops for competition coaches that reflect the stages of athlete development: Introduction, Development, and High Performance.

THE NCCP MODEL

- ❑ The **Competition – Introduction** context is designed for coaches of athletes moving from the FUNdamentals to the Learn to Train and Train to Train stages of long-term development.
- ❑ The **Competition – Development** context is designed for coaches of athletes ranging from the Train to Train to the Train to Compete stages of long-term development.
- ❑ The **Competition – High Performance** context is typically reserved coaches of athletes in the Train to Win stage of long-term development although there is the possibility of some phasing in of a Train to Compete athlete into the High Performance level because of the fluidity of the stages of long-term development. Coaches in this stream require specific skills and abilities to meet the needs of their athletes.

The following requirements need to be satisfied for a foreign coach to work with a Canadian athlete at a WCL sanctioned event:

A. Must hold the CAC's Registered Coach License

The Coaching Association of Canada (CAC) offers this license to whoever needs it. It is the license currently used for non-Canadian coaches who will work with Canadian athletes at the Olympic Games or other multi-sport Games.

To get this, a coach will have to contact the CAC and do the following:

1. Submit a recent, valid criminal records check.
2. Submit two (2) references from their sport federation.
3. Sign the CAC code of conduct.
4. Create a Locker account.
5. Complete the NCCP Safe Sport Training module.
6. Pay the annual fee associated with this license

B. Complete WCL's Safe Sport Requirements

This is the same standard that applies to all Canadian coaches, who need to:

THE NCCP MODEL

7. Complete the Make Ethical Decisions (MED) online evaluation.
8. Complete the NCCP Safe Sport Training module.
9. Complete the NCCP Making Head Way concussion awareness module.

C. Provide proof of civil liability insurance to WCL

All foreign coaches should have this type of insurance and it should be valid for work outside of their home countries/jurisdictions.

D. Agree to be subject to the Canadian Safe Sport Program Rules by reviewing and signing the consent form

E. Coaches from the United States of America provide proof that they have achieved at a minimum the Silver level of the USA Wrestling coaching program

This is not about creating an equivalency. There really is no such thing between our system and anyone else's. This item is about demanding a certain level of formal professional development and a recognition of that from their home federation.

3.4 SAFE SPORT & RESPONSIBLE COACHING MOVEMENT

WCL is committed to providing a safe sport environment for all its participants.

The Responsible Coaching Movement (RCM) is a call to action for sport organizations, parents and coaches to enact responsible coaching across Canada – on and off the field. WCL has taken the pledge to implement RCM and engage in specific safe sport training.

The three steps to responsible coaching include:

- Rule of Two
- Background Screening
- Ethics Training

Rule of Two

The goal of the Rule of Two is to ensure all interactions and communications are open, observable, and justifiable. Its purpose is to protect participants (especially minors) and coaches in potentially vulnerable situations by ensuring more than one adult is present. There may be exceptions in emergency situations.

THE NCCP MODEL

Background Screening

Background screening ensures that coaches meet the important requirements to coach athletes. Screening tools include comprehensive job postings, criminal record checks, interviews, and reference checks.

Please refer to WCL's Safety in Sport Resources (<https://wrestling.ca/safety-in-sport/>) for more details.

Safe Sport & Ethics Training

Ethics training prepares coaches to effectively handle situations that arise from ethical dilemmas or even legal challenges that concern individuals, teams, and their sports organizations.

Ethics training includes the NCCP Make Ethical Decisions (MED) and Safe Sport Training modules within the NCCP, as well as training in abuse and harassment prevention, such as Respect in Sport, which coaches can take before and during their coaching career.

Successfully completing the NCCP Make Ethical Decisions (MED) training equips coaches to handle ethical situations with confidence and surety. NCCP Make Ethical Decisions training helps coaches identify the legal, ethical, and moral implications of difficult situations that present themselves in the world of team and individual sport.

The Safe Sport Training Module aligns with the values of the Universal Code of Conduct to Prevent and Address Maltreatment in Sport (UCCMS). It equips coaches, administrators and others to make decisions that promote athletes' physical and mental wellbeing and empowers sport organizations to foster a culture that contributes to athlete success.

Respect in Sport training empowers coaches and parents to recognize and prevent bullying, abuse, harassment and discrimination (BAHD).

For more information on the Responsible Coaching Movement, please visit: <https://coach.ca/sport-safety/responsible-coaching-movement>.

WCL Safe Sport Training Requirement for Coaches

WCL requires coaches to complete the following safe sport training / evaluation for all WCL sanctioned activities:

- Make Ethical Decisions Online Evaluation
- Making Head Way
- Safe Sport Training or Respect in Sport for Activity Leaders

NOTE: The above training is required to be completed at least once every 4 years. However, if the certification expires or the training program has been substantially updated to include new important information and resources, individuals will be required to undertake new training, as directed by WCL.

Additional information on ALL safe sport requirements can be found in WCL's Safety in Sport Resource: <https://wrestling.ca/safety-in-sport/>.

THE NCCP MODEL

3.5 MULTI-SPORT TRAINING

WCL has integrated some of these modules into our own sport specific workshops (Community Sport & Competition Introduction) and in other instances (Competition Development) it is required that coaches take some of them separately through the Coaching Association of Canada's network of Provincial and Territorial Coaching Representatives.

All these multi-sport modules can help you reach higher as a coach and can also be counted towards Maintenance of Certification.

EVALUATION & CERTIFICATION

4 EVALUATION & CERTIFICATION

4.1 OBJECTIVES

Evaluation in the National Coaching Certification Program (NCCP) is the process used to determine whether coaches meet NCCP coaching standards for certification. This process applies to all coaching contexts in the NCCP. While evaluation for certification is not required in the Community Sport stream for wrestling, sports in that stream may choose to certify coaches.

4.2 PRINCIPLES OF EVALUATION IN THE NCCP

- Outcomes are the foundation of the NCCP approach to evaluating and certifying coaches.
- Evaluation in the NCCP reflects the ethical coaching practices promoted in the Canadian sport system.
- Evaluation in the NCCP reflects the diversity among sports in a given context.
- Evaluation recognizes and respects individual coaching styles.
- Evaluation in the NCCP is evidence-based.
- The evidence in NCCP evaluations consists of observable coaching behaviour that is used to determine whether a coach meets a given criterion.
- The evidence in NCCP evaluations may come from several sources.
- Evidence demonstrated during an evaluation may not reflect all of the elements or objectives identified in training activities.
- Coaches are fully advised of the evidence that will be used to determine whether they meet a given criterion. This helps them achieve certification.
- Coaches seeking certification are evaluated by NCCP-trained and NCCP-accredited Coach Evaluators.

Additional Points

- Evaluation requirements, procedures, and methods are (1) administratively feasible, (2) professionally acceptable, (3) publicly credible, (4) legally defensible, (5) economically affordable, and (6) reasonably accessible.
- Evaluation is preceded by NCCP training or relevant experience.
- NCCP training activities prepare coaches to meet certification standards.

4.3 OUTCOMES, CRITERIA, AND EVIDENCE

Evaluation in the NCCP is based on a systematic approach to determining whether coaches meet NCCP standards. This approach has three key components:

- Outcomes
- Criteria
- Evidence

EVALUATION & CERTIFICATION

OUTCOMES: These are the overall tasks coaches must be able to perform

There are seven overall tasks that capture what coaches in the NCCP need to be able to do. These are called *NCCP outcomes*, and they are:

- Provide Support to Athletes in Training,
- Make Ethical Decisions
- Plan a Practice
- Analyze Performance
- Support the Competitive Experience
- Design a Sport Program
- Manage a Program

The outcomes that apply in a specific coaching situation depend on the coaching context. National Sport Organizations (NSOs) have the flexibility to add unique outcome(s) should the NCCP outcomes not fully capture coaching tasks in their sport. The quantity of outcomes being evaluated contributes to the NCCP minimum standard for evaluation.

CRITERIA: These are the components of an outcome that will be evaluated

Every outcome is associated with one or more criteria.

Criteria depend on the coaching context. For example, in the Community Sport-Initiation context, the outcome Provide Support to Athletes in Training has one criterion, but in the Competition-Introduction context, it has three criteria.

Criteria *may* be sport-specific. The quantity and quality of criteria associated with a particular outcome contribute to the NCCP minimum standard for evaluation.

EXAMPLE – *Provide Support to Athletes in Training Criteria:*

- *Community Sport – Initiation context: Lead participants in appropriate activities*
- *Competition – Introduction context: Implement an appropriately structured and organized practice*

EVIDENCE: This is what the Coach Evaluator must observe and measure to confirm that the candidate meets the NCCP standard for each criterion

All criteria are associated with one or more pieces of evidence. Evidence is what the coach actually does. It is *observable and measurable*.

The more evidence the Coach Evaluator must observe and measure, the more demanding the evaluation will be.

Evidence *may* be sport-specific. The quantity and quality of criteria associated with a particular outcome contribute to the NCCP minimum standard for evaluation.

Together with the outcomes and criteria, the evidence is used to determine the NCCP minimum standard for evaluation.

EXAMPLE – *Competition-Introduction Criterion and Evidence for the Provide Support to Athletes in Training Outcome*

- *Criterion: Implement an appropriately structured and organized practice*
- *Evidence: Deliver a practice that matches the goals identified in the practice plan; activities contribute to development of skills, tactics, or athletic abilities; equipment is available and ready to use*

EVALUATION & CERTIFICATION

4.4 EVALUATING COACHES IN THE NCCP

Evaluating coaches in the NCCP evaluation process involves:

- Portfolio evaluation
- Prebrief between coach candidate and Evaluator outlining formal observation requirements and expectations
- Formal observation: Assigned In-Practice Task (Video submission or In-person observation)
- Formal observation: In-Competition (in-person observation or video submission as determined by Evaluator)
- Debrief of formal observation (following each required observation)
- Action planning
- Reporting/Administration

Portfolio Evaluation

- The portfolio evaluation enables the Coach Evaluator to determine the readiness of the coach candidate for the formal observation.
- The coach must submit all required portfolio pieces in advance of a formal observation being scheduled.
- The Coach Evaluator must review the portfolio using the appropriate evaluation tool(s) and then communicate the feedback to the coach in a timely manner.
- Successful completion of the required portfolio pieces will determine readiness for the formal observation.
- Once it is established that the candidate is ready for the formal observation, the formal observation is scheduled.
- When the formal observation is scheduled, the Coach Evaluator begins the prebrief process.

EVALUATION & CERTIFICATION

4.5 CERTIFICATION STANDARD

Certification standard refers to the degree to which coaches meet a given criterion. An achievement scale is used to determine whether or not a coach meets or exceeds the minimum standards. WCL uses the following three-point achievement scale:

- 3 Exceeds NCCP Minimum Standard
- 2 NCCP Minimum Standard – includes the evidence that describes the minimum standard for what a coach does
- 1 Below Standard

Coaches seeking certification for a given context must be evaluated and must achieve at least NCCP Minimum Standard in all the relevant criteria required for that context in their evaluation.

4.6 NCCP DATABASE (THE LOCKER)

The NCCP Database (The Locker) tracks the outcomes and criteria with a (T) for the criteria that have been trained, and with an (E) for the criteria that have been evaluated. The Database does *not* track evidence.

WCL will consider the information in *The Locker* to be the official record confirming a coach's training and certification status. Coaches are responsible for informing their provincial/territorial wrestling association or WCL of any perceived errors or omissions on their transcript.

The maintenance of accurate coaching records is crucial to ensuring the credibility of the NCCP program. All coach education records are to be tracked and maintained within *The Locker*. Any records not entered into *The Locker* will not be considered valid for NCCP certification.

It is the responsibility of the host provincial/territorial wrestling association and WCL to ensure that coaching activities are recorded in *The Locker*. All submissions for *The Locker* will require review and approval by a WCL and a Coaching Association of Canada administrator.

Individual coaches are responsible for ensuring that their personal contact information is accurate and current and to regularly review their transcript to ensure all NCCP and WCL recognized training and certification activities are recorded.

4.7 EVALUATION PROCESS

Community Sport Coach

No evaluation.

How to Request an Evaluation (Competition Introduction & Competition Development)

Please complete the appropriate form in the Coach Education section of WCL's website (<https://wrestling.ca/coach-education/>). All requests must be made by the coach candidate – requests through intermediaries will not be accepted. If you require assistance through this process, please contact WCL (info@wrestling.ca).

EVALUATION & CERTIFICATION

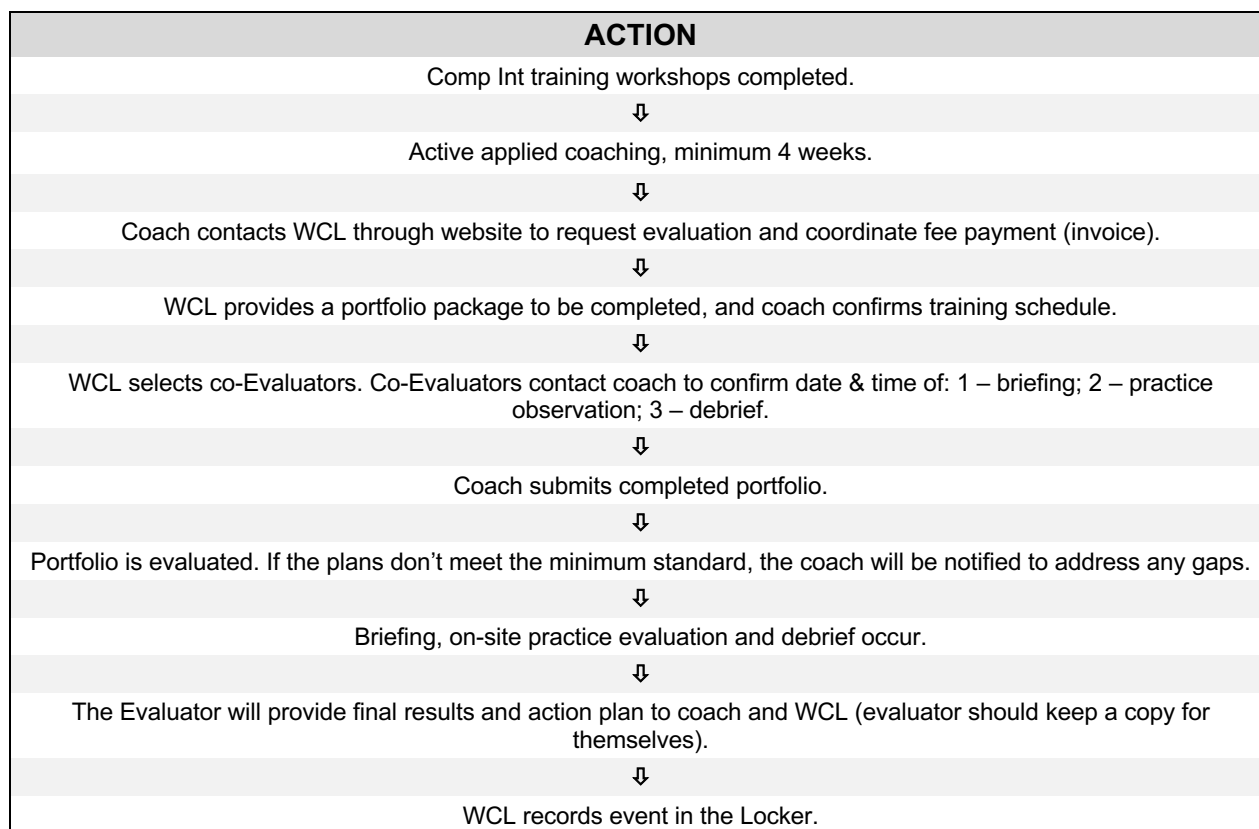

Competition Introduction

Competition Introduction Evaluations include the following components:

- Portfolio
- Practice

The following standard practices apply for Competition Introduction evaluations:

1. Two co-evaluators are assigned to each candidate.
2. At least one co-evaluator is from another province or territory (preferred).
3. If a co-evaluator is from the same province/territory as the candidate, the following restrictions apply:
 - a) They cannot be a member of the same club.
 - b) They cannot have an existing business relationship with each other.
 - c) They cannot have an existing personal relationship with one another.

EVALUATION & CERTIFICATION

Competition Development

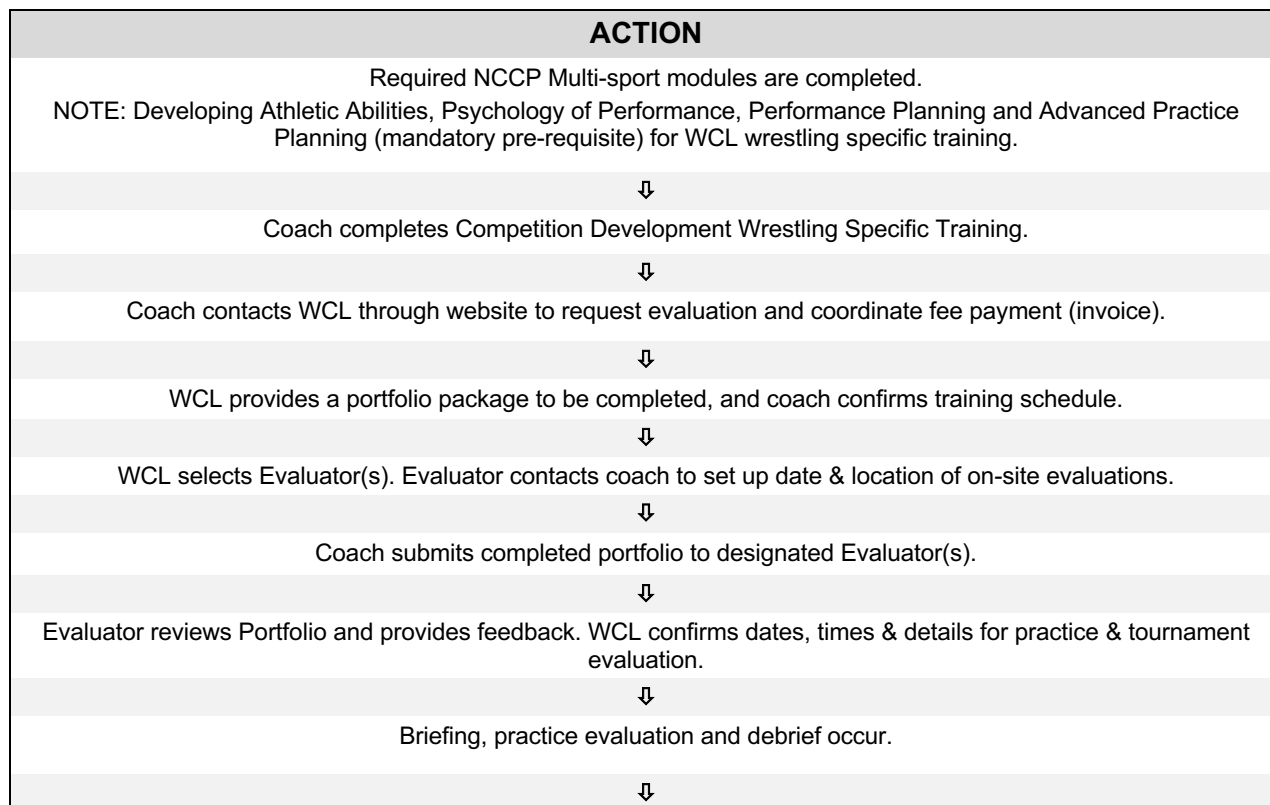

Competition Development Evaluations include the following components:

- Portfolio
- Practice
- Tournament

It is standard practice to have different individuals evaluate each evaluation component, at different times.

In addition to the Competition Introduction Evaluation Process noted above, the following would apply for all Competition Development evaluations (portfolio, practice and tournament):

- 1) The portfolio evaluation should normally be done first.
- 2) The portfolio evaluation will be assigned to either 1 or 2 evaluators, at the discretion of WCL.
- 3) One (1) evaluator will be assigned to the practice evaluation.
- 4) One (1) evaluator will be assigned to the tournament evaluation.
- 5) If an Evaluator is from the same province/territory as the candidate, the following restrictions apply:
 - a) They cannot be a member of the same club.
 - b) They cannot have an existing business relationship with each other.
 - c) They cannot have an existing personal relationship with one another.

EVALUATION & CERTIFICATION

Briefing, competition evaluation and debrief occur.

Approved competitions for evaluation purposes:

- Cadet / Junior / Senior Provincial Championships
- U23 Canadian Championships & Senior non-Olympic World Team Trials
 - U19, U17, U15 Championships
 - U SPORTS Championships
 - Canada Games
 - WCL Carding Tournaments

The Evaluator will provide final results and action plan to coach and WCL (evaluator should keep a copy for themselves).

WCL records events in the Locker.

Coach Evaluators

Coach evaluators will be selected from the published list of approved Coach Evaluators (<https://wrestling.ca/coach-education/>).

Payment and Honoraria for Evaluation Process

See section 6.4.

Appeals of Evaluations by Candidate Coaches

Coaches have the right to appeal an unsuccessful evaluation. The intention of WC's evaluation process is to provide sufficient checks and balances throughout a candidate's certification process to help facilitate completion of the evaluation requirements.

- Appeal requests are to be forwarded to WCL by email (NCCP@wrestling.ca)
- The Coach Education and Development Advisory Committee (CEDAC) will review appeals on an individual basis. If necessary, the evaluation will be sent to a second evaluator for review.

4.8 RECOGNITION OF COACH COMPETENCE

Competition Introduction Coach

WCL believes in the integrity of the full NCCP Coach Training and Evaluation system. As such, all coaches are encouraged to participate fully in the NCCP Competition Introduction training and evaluation process. Even experienced coaches can gain from the training.

Because NCCP is competency based and certification based upon what a coach is able to demonstrate, not the training they may or may not have undergone, WCL appreciates that in many instances, coaches may elect to by-pass the task of completing NCCP Competition

EVALUATION & CERTIFICATION

Introduction training in the traditional way. That is, they may feel they already possess the equivalence of training in Competition Introduction and feel they can proceed direct to Evaluation.

This respects and recognizes current coaching competence, which includes Canadian coaches with significant coaching experience or related background, and foreign coaches with approved training and certification.

Requests for Recognition of Coaching Competence are to be forwarded to WCL by email. WCL must approve the request in advance of the evaluation process occurring.

To qualify for Recognition of Coaching Competence in the Competition Introduction context, the coach must be at least one of the following:

- Competition Introduction certified in another sport, and with a minimum of 1-year documented experience coaching wrestling.
- Be a former senior national team level athlete, and a minimum of 1-year documented experience coaching wrestling.
- Be an experience international coach who is immigrating from another country and able to show comparable coaching training credentials from his / her country of origin.
- Other qualifications may be considered.

Any request must be accompanied by a reference / letter of support from a fully Competition Introduction certified wrestling coach that has a minimum of 5 years coaching experience. The reference coach must be different from the evaluator who carry out the evaluator.

All requests must be submitted along with a rationale for the request, including required documentation.

Once approved, the PTSO will initiate the evaluation process. The evaluation must include the entire evaluation process (including online multi-sport evaluations and any Safe Sport requirements). This ensures the coach is able to demonstrate the required competencies for the context.

Coaches will not receive credit for “training” modules that they do not complete, but will be able to achieve “certified” status upon completion of a successful evaluation.

Competition Development Coach

To be determined.

4.9 TRANSFER OF QUALIFICATIONS FROM NCCP LEVELS

Coaches who completed training and/or were certified in some part at Level 1, Level 2, or Level 3 within the NCCP levels system will have some or all of their training recognized within the new context-based certification system. While coaches trained and certified, as part of the NCCP Levels program will automatically be recognized with the context-based certification system, they will need to complete specific professional development and evaluation requirements in their first

EVALUATION & CERTIFICATION

cycle of certification renewal to demonstrate competency in areas not addressed in the NCCP levels programs.

Coaches will have until the end of their cycle renewal date to complete these requirements, in addition to acquiring required renewal of certification points. Required professional development will count towards point required for renewal of certification. The cycle renewal date is indicated in the coach's transcript in the Locker.

Please note that coaches who only completed Theory training (under the old model) are addressed by the Coaching Association of Canada's Transfer of Qualifications plans and are not addressed in this document.

WCL's renewal cycle will begin in January 2023. At that time, the transfer of qualifications from the old "levels" system will no longer be applicable, and all coaches will be required to meet trained and certification standards under the current context-based certification system.

COACH DEVELOPERS

5 COACH DEVELOPERS

Who coaches the coaches? NCCP Coach Developers do!

According to the International Council for Coaching Excellence (ICCE), Coach Developers “are not simply experienced coaches or transmitters of coaching knowledge – they are trained to develop, support, and challenge coaches to go on honing and improving their knowledge and skills in order to provide positive and effective sport experiences for all participants.” In short, Coach Developers need to be experts in learning, as well as experts in coaching.

NCCP Coach Developers include Learning Facilitators (LFs), Coach Evaluators (CEs), and Master Coach Developers (MCDs).

To qualify for selection as a Coach Developer, an individual must have successfully completed the online evaluation of Make Ethical Decisions AND successfully demonstrated his or her competency by completing the relevant role-specific pathway. The Coach Developer roles and their pathways are as follows:

Training: Coach Developer candidates must complete rigorous training, and this training is now being made consistent across Canada. The following training is required by all Coach Developers in all sports:

- a) **Core Training:** Provides Coach Developers with the skills to perform their role.
- b) **Content-specific Training (sport or multi-sport):** This includes relevant sport or multi-sport training, as well as micro-facilitation and/or microevaluation which give Coach Developers an opportunity to practise delivery with their peers.
- c) **Co-delivery:** This is a chance for the new Coach Developer to practise with real coaches alongside an experienced Coach Developer.

Once a Coach Developer has all of the above training pieces they are considered “TRAINED”.

Evaluation: Evaluation confirms that the Coach Developer is capable of certain abilities which are deemed important in the training of coaches.

Once a Coach Developer has been evaluated they are considered: “CERTIFIED”.

All Coach Developers are required to attain 20 PD points over 5 years to maintain their certification.

COACH DEVELOPERS

5.1 LEARNING FACILITATOR

The success of NCCP training rests to a large degree on the quality of the individuals selected as Learning Facilitators (LF). Every NCCP workshop is led by a trained LF who has undergone a standardized training process (core and content-specific training). LFs are crucial to the development of skilled, knowledgeable coaches who are then able to develop safer, happier athletes / participants.

The goal of an LF is to effectively facilitate sessions that result in the development of coaches who are able to demonstrate their abilities and meet the standards established for certification. An LF should have the appropriate knowledge, skills and attitudes to facilitate workshops using the competency-based approach. In addition, they serve as contributing members of the community and ambassadors for the NCCP.

It is recommended that LFs are:

- Certified in the context they are delivering in;
- Good communicators: have the ability to speak clearly and communicate professionally;
- Good presenters: are comfortable presenting in front of a group, are well spoken, are able to keep presentations to time limits, and able to adapt to questions and changes;
- Good facilitators: are able to facilitate discussions, actively listen, evoke participation, and move discussions along when need be;
- Good organizers: are well prepared, organized, and professional;
- Also: approachable, ethical, responsible, and self-confident.

It is recommended that LFs have the following sport-specific experience, background, and abilities:

- For Community Sport, have experience as a wrestling coach working with children under the age of 12.
- For Competition Introduction, have experience as a wrestling coach working with athletes competing in regional or provincial level competitions.
- For Competition Development, have experience as a wrestling coach working with athletes competing in top provincial or national level competitions.
- Prior experience in NCCP or coach education
- Minimum five years actively instructing / coaching participants in the appropriate context
- Experience in adult education

How to become a Learning Facilitator: <https://coach.ca/education-and-training/nccp-coach-developers>.

COACH DEVELOPERS

5.2 COACH EVALUATOR

A Coach Evaluator's role is to contribute to the development of coaches after they have acquired their NCCP training. This includes assessment, evaluation, debriefing, and follow-up with coaches trying to achieve Certified status. Coach Evaluators are experts in the observation process and have in-depth knowledge of the outcomes, criteria, and evidence that comprise the evaluation tools that establish NCCP standards for coaches of a particular sport context.

Coach Evaluators act as ambassadors of the NCCP and as a resource to coaches seeking to augment and validate their coaching abilities.

The success of any evaluation program rests to a large degree on the quality of the individuals selected as Coach Evaluators. Clearly, it is critical that quality control be exerted when appointing someone as a Coach Evaluator, as not everyone possesses the experience, skills, or attitudes to be effective in this position.

It is recommended that Coach Evaluators have:

- Full certification in the context that they will evaluate;
- A minimum of 3 years of active coaching experience in the context in which evaluation takes place;
- Successfully completed the NCCP Make Ethical Decisions evaluation requirements;
- Credibility with their peers and the wrestling community;
- High ethical standards and leadership skills;
- A desire to see the coach certification system as well as the sport of wrestling grow;
- Time and energy to commit to the evaluation process;
- Proven guiding and facilitation skills and/or experience in adult education
- The ability to be critically reflective and ask questions; and
- The ability to listen actively to the candidate.

Although desirable, it is not critical that the Coach Evaluator have a higher position and significantly greater coaching experience than the candidate.

It is recommended that Coach Evaluators have the following sport-specific experience, background, and abilities:

- For Competition Introduction, have experience as a wrestling coach working with athletes competing in regional or provincial level competitions.
- For Competition Development, have experience as a wrestling coach working with athletes competing in top provincial or national level competitions.
- Prior experience in NCCP or coach education
- Minimum five years actively instructing / coaching participants in the appropriate context
- Experience in adult education

How to become a Coach Evaluator: <https://coach.ca/education-and-training/nccp-coach-developers>.

COACH DEVELOPERS

5.3 MASTER COACH DEVELOPER

The role of the Master Coach Developer (MCD) is to train, to evaluate, to support, and to mentor Coach Developers, ie Learning Facilitators (LFs), Coach Evaluators (CEs), and other MCDs. In addition, MCDs play a key role in promoting the NCCP.

MCDs must possess adequate knowledge and expertise in facilitation to assist in training CDs and to lead workshops and professional development experiences for CDs.

It is expected that MCDs will have more responsibility in a supportive role with CDs during workshops, evaluations, and in CD development. MCDs should be willing and able to lend support to CDs, program administrators, and delivery host agencies.

While the specifics may vary, MCDs usually:

- Have five years of experience as a Learning Facilitator and / or Coach Evaluator
- Are certified as an LF or CE
- Have successfully completed the Make Ethical Decisions online evaluation
- Are trained and educated in an area related to coaching or coach education
- Have experience in coaching wrestling.

The duties of an MCD usually include:

- Helping with selection of the LFs, CEs, and other MCDs
- Training of the LFs, CEs and other MCDs
- Evaluation of the LFs, CEs, and other MCDs
- Mentoring of the LFs, CEs and other MCDs

It is recommended that MCDs have the following sport-specific experience, background and abilities:

- High level of credibility in the Wrestling community;
- Advanced knowledge and training within the context they administer;
- Broad based knowledge of all aspects of athlete development;
- Firm understanding of WCL NCCP Operations Manual;
- Have a good working relationship with WCL and the P/TSOs
- Minimum of 5 years actively instructing and coaching

COACH DEVELOPERS

5.4 COACH DEVELOPER POOL

Identification

WCL's Coach Education and Development Advisory Committee (CEDAC) will:

WCL will also conduct reviews of the coach developer workforce at the end of each Olympic quadrennial, and revise the CD pool, as necessary.

Recruitment, Retention, and Recognition

Through the process steps outlined above, an annual action plan for NCCP activities will be created. This action plan will include an outline of any additional Coach Developer requirements.

In order to retain the current Coach Developers and continue to ensure their engagement, WCL will work with all NCCP activity delivery organizations to ensure adequate compensation for Coach Developer's time and efforts. Please refer to Section 6.5 for information on recommended CD fees. Coach Developers will receive targeted communications and surveys to ensure any issues or concerns are addressed.

WCL may provide annual awards for the most active and engaged Coach Developers and will acknowledge their contributions through the WCL website and social media.

6.3 THE LOCKER (THE NCCP DATABASE)

WCL will have a minimum of one staff person with training on *The Locker*, who will be responsible for entering, verifying and approving all NCCP activities. This individual will also be responsible for setting the Access Rights in *The Locker* for P/TSO representatives and Coach Developers. All activities will require WCL approval prior to recognition in *The Locker*. Events that have not been approved by a PTSO or WCL prior to the start of the event may not be entered or recognized in *The Locker*. Coaches should ensure that they are taking an approved event prior to registering or paying for said event.

PTSOs may have an individual trained on *The Locker* who will be responsible for ensuring all NCCP activities conducted in their province are entered into *The Locker*. This individual will also be the first point of contact for Coaches who have concerns with the information on their *Locker* transcript. If your PTSO does not have a trained individual, requests can be sent to the WCL office.

Coach Developers may have training on *The Locker*. WCL will encourage all Coach Developers to attain *Locker* training, so that they can enter the event information directly into the system to be approved by the PTSO and WCL.

6.4 FEE STRUCTURE, PAYMENT, AND HONORARIUM

Workshop Registration Fees

The delivery of the NCCP operates on a cost recovery basis. WCL receives funding through Sport Canada and the Coaching Association of Canada to cover some of the costs of developing training and evaluation resources, providing the administrative infrastructure necessary to track training activities and support the development and maintenance of a team of Coach Developers responsible for the NCCP delivery across Canada.

The delivery of the program is the responsibility of the P/TSOs in conjunction with WCL and is funded through coach registration fees and provincial/territorial funding. Each P/TSO may set their own fees for coach training and evaluation.

Suggested financial support for delivery of WCL NCCP activities:

6.5 MAINTENANCE OF CERTIFICATION & PROFESSIONAL DEVELOPMENT

The Coaching Association of Canada and its partners recognize the value of having certified NCCP coaches that are engaged in Professional Development programs which reinforce the values of lifelong learning and sharing amongst the coaching community.

In order for NCCP coaches to maintain their certified status, they will be required to obtain Professional Development (PD) points. PD points can be earned through a multitude of activities that coaches already participate in, including: national and provincial sport organization conferences and workshops, eLearning modules, NCCP workshops, coach mentorship programs, and active coaching. In most cases coaches are already earning their required PD points – Maintenance of Certification Status is simply the introduction of tracking these points and recognizing coaches for their efforts.

Maintenance of certification is essential to:

- Ensuring coaches stay current with new coaching practices and knowledge;
- Maintaining the integrity of the NCCP;
- Maintaining consistency with the standards of other professions;
- Reinforcing the values of lifelong learning and continuous improvement.

Certification within the NCCP shall be valid for a maximum period. The concept of “life-span of NCCP certification” shall apply to coaches who:

- Are already certified according to the standards of the Levels-NCCP.
- Are certified according to the standards of the Levels-NCCP while it is still in effect.
- Are certified according to the standards of an NCCP context’s core certification and gradations.

Maintenance of certification must be based on active coaching and professional development.

If Your PD Points Expire

- Option to undergo re-evaluation = certification renews automatically

OR

- Option to make up the missing PD points = certification is renewed and cycle starts January 1 that just passed.
- For example:

ADMINISTRATOR / BUSINESS MODEL

- Cycle start date is January 2019
- I didn't get all my PD points by December 31, 2018 = not renewed
- I do my missing points on March 25th 2020, I become renewed and my 5-year renewal cycle starts January 1, 2020

For more information please visit: <https://coach.ca/education-and-training/maintenance-certification>.

ADMINISTRATOR / BUSINESS MODEL

6.7 NON-NCCP PROFESSIONAL DEVELOPMENT POINTS GUIDELINES

WCL and the P/TSOs are responsible for providing professional development opportunities for coaches to allow them to earn PD points through events that they organize and/or choose to recognize taking place within their province/territory.

Guidelines for recognition of Non-NCCP Professional Development Activities

WCL and the P/TSOs are collectively responsible for the integrity of the Professional Development system for wrestling and the following guidelines are intended to ensure a consistent, fair and clear process for determining what events will be eligible for Non-NCCP Professional Development points.

- A broad definition of professional development should be used in determining eligible events. At the same time, all events must have direct relevance to coaching wrestling.
- Events that are national in scope and / or sanctioned by WCL will be submitted by WCL.
- The P/TSOs will submit activities that are local, regional or provincial in reach and are delivered within their province/territory to WCL for review and WCL approval.
- The organization that submits the event will be responsible for collecting coach information and inputting the event into the CAC database, *The Locker*. It is recommended that attendee lists with valid NCCP #'s for participants be submitted within 10 days of the conclusion of the event.
- Events lasting more than 3 hours with multiple sessions are to be treated as a single event that will receive 3 PD points. Participants in NCCP modules delivered, as part of a larger event with Non-NCCP professional development will still receive full credit for the NCCP activity.
- No Non-NCCP events will be recognized if they have not been identified or approved prior to the start of the event. There is no retroactive recognition of Non-NCCP events for PD points.

Steps for registering Non-NCCP Professional Development Activities to be undertaken by P/TSO

In order for coaches to receive PD points for a Non-NCCP professional development activity organized by a P/TSO or WCL the event must be registered and approved by the CAC and coach participation must be recorded in *The Locker*.

- The P/TSOs will submit activities that are local, regional or provincial in reach and are delivered within their province/territory to WCL for review and WCL approval.
- WCL will submit the PD "MODULE" with the CAC for verification. Recurring activities (e.g. Annual Coaching Conferences) that are accepted by the CAC will be permanently visible in *The Locker* and will not need to be re-entered. (NOTE: Modules are reviewed by the CAC on the 15th of the month and will only be added to *The Locker* after being reviewed and approved. Please take this into consideration for timelines, as no modules can be added retroactively).
- Once the module is verified, the P/TSO can enter an "EVENT" in the *Locker*. Select the activity from the list of professional development activities in *The Locker* and input the event details. Remember to select the module when creating the event. Please note the event name must

ADMINISTRATOR / BUSINESS MODEL

have the module name at the start (eg. module name = Coach Conference; even name = Coach Conference 2019 (OAWA)).

- Once the event is created, input all attendees and submit to the CAC for approval. For administrative ease it is strongly recommended that coaches be required to provide their NCCP # when registering for professional development events so as to minimize the time required to input and record the information in *The Locker*. Participants without valid NCCP #'s will not be recorded in *The Locker*.
- Upon submission and PTSO approval of the completed event form, WCL will be notified to approve the event in the Locker. The form is then forwarded to CAC for final approval.

6.8 WRESTLING SPECIFIC PD MODULES

PD “Modules” currently on file for wrestling:

- Canadian Championships
- Provincial Championships / Regional Championships (to revise)
- Provincial Camp
- PTSO Conference
- WCL Coach Webinar

Note:

If you are continuing your coach training and certification pathway, these points will contribute to your PD certification cycle.

PTSOs will be required to submit an annual report of all the local / regional / provincial PD activities at the end of the fiscal year for review by CEDAC.

6.9 QUALITY CONTROL

Course Evaluation

WCL will ask all NCCP training and evaluation participants to provide feedback on their experience, using the Feedback Forms (see section 7.3). The feedback forms should be provided by the LFs as part of the course materials.

Program Monitoring and Evaluation

WCL staff will annually review the number of NCCP activities offered, number of coaches certified, percentage of coaches that went from trained to certified and other data from the CAC VIP reports. The data along with data from the feedback forms will be used in the CEDAC review and action planning.

ADMINISTRATOR / BUSINESS MODEL

Revision and Update Cycle

WCL through the CEDAC or another expert group assigned by that committee will schedule full NCCP context reviews every 4 years on a rotating basis as follows:

Community Sport	2026-27	2029-30
Competition Introduction	2025-26	2028-29
Competition Development	2024-25	2027-28

6.10 MINIMUM AGE RESTRICTIONS

Multi-Sport Courses

All coaches wishing to receive multi-sport NCCP training, in workshop or home study format, are subject to the minimum age decision and jurisdiction of the Province/Territory in which they reside according to their official mailing address.

Coaches younger than 16 and older than 14 will be identified in the CAC database with an underage status indicator (training will be credited). The minimum age for the designation of a coach as NCCP “certified” is 16 years of age.

Wrestling Specific Courses

WCL follows the National Coaching Certification Program (NCCP) Minimum Age Policy that recommends all participants in NCCP events be 16 years of age or older in order to attend. Due to the inherent risks associated with the sport of wrestling, WCL feels that the minimum age of 16 is needed to ensure adequate maturity and capability to manage the wrestling coaching environment and responsibilities.

Facilitators and / or the course organizer may, at their discretion, allow participants who are 14 years of age (with parental / legal guardian consent), but they will only be allowed to take the training, and will not be eligible to proceed to evaluation and certification. It is the responsibility of the workshop organizer/registrar to validate the birth dates of participants. Under no circumstances will any individual under 16 years of age be allowed to take an evaluation and be certified. This discretion applies only to WCL sport-specific training.

6.11 RESTRICTIONS FOR ATHLETE-COACHES IN TRAINING

Athletes who are competing internationally will not be permitted to participate in NCCP training delivered by WCL that is scheduled less than 48 hours before the event weigh-ins or 48 hours after the end of the event.

Athlete replacements for an international event that have already registered for WCL training that is scheduled less than 48 hours before the event weigh-ins or 48 hours after the end of the event, must notify the organizer of the NCCP training to have their registration fees refunded.

NCCP Code of Ethics

Purpose of the NCCP Code of Ethics

The National Coaching Certification Program™ (NCCP) Code of Ethics provides ethical standards that reflect the core values of the coaching profession in Canada, and guides sport coaches to make balanced decisions to achieve personal, participant and team goals. The NCCP Code of Ethics is used to guide the conduct in sport that stipulate acceptable and non-acceptable behaviours and associated repercussions.

Core principles and ethical standards of behaviour

Coaches value Leadership and Professionalism, Health and Safety, and Respect and Integrity. For each of these core principles, there are associated ethical standards of in-person and on-line behaviour expected of every NCCP coach and NCCP Coach Developer in Canada, whether on or off the field.

- ▶ Participate in education and training to stay current on practices to ensure the continued safety of your participants
- ▶ Understand the scope of your role and skills and call upon others with specialized skills when needed to support your participants

Respect and integrity

This principle considers respect and integrity, which are the rights of all participants.

Ethical standards of behaviour

- ▶ Provide equitable opportunity and access for all
- ▶ Establish a respectful and inclusive sport environment where all participants can raise questions or concerns
- ▶ Obey the rules and participate honestly and respectfully

There may be exceptions for emergency situations.
